Voluntary Identification of Lunch Program Students

This form is only for schools that do NOT participate in the National School Lunch Program (NSLP). This form does not mean your child will receive a free lunch.

Why do we want to know about your household income? The number of students that participate in our lunch program is important to know because the New Hampshire Department of Education (NHDOE) uses this information to calculate State Adequacy Aid for districts and Charter School Tuition Aid. In most cases, the State will provide an extra \$1,700 for each student. The number of students participating is also used to calculate federal grant awards.

NHDOE's definition of need uses the same household income thresholds used by the NSLP. Amounts are adjusted each year to account for inflation. Here is a link to the guidelines: <https://www.fns.usda.gov/school-meals/income-eligibility-guidelines>
 The current table is below.

This survey is voluntary. If you do not wish to participate, simply do not return the form.

What is a household? It is a group of people who live together, share their income and expenses, and share at least some meals. It is not required that they be related family members. If a person pays rent for a room but does not share income and other expenses this person is not part of the household. Report this room rent as income in section 3. (The renter may qualify as a separate household.)

Who may submit this form? Submit ONLY if you can provide a case number in Section 1, OR you have a foster child to report in Section 2, OR the household monthly income is below the amount shown in the chart. The head of a household may submit a form.

Do I need to complete Section 3, Household Income? Skip section 3 if you provide a case number in Section 1 or the only students in Section 2 are foster children. Otherwise, enter gross (before tax and withholdings) average monthly income for all children and adults, except foster children. Include overtime and occasional earnings to the extent you usually earn this amount each month. You must keep records, such as one month of pay stubs, for ALL earners. For cash earnings keep notes. Keep these records for one year.

Privacy PromiseThe school will protect the confidentiality of information on this form, using it only to report to NHDOE the student ID number of all participating students. The form will be kept in a locked location, and only persons that prepare the report will have access. Information will not be shared with any other government agency or other school staff.
